ATHLETICS CARNIVAL | FIELD EVENT INSTRUCTIONS

DISCUS

Central Coast Adventist School

BEFORE YOU START

- All athletes stay **behind the safety area** until called.
- No one collects the discus until the official says so.
- The person returning the discus must watch every throw.
- Check the **correct discus weight** for each age group (see table).

RULES

- 3 throws each.
- The discus must land **inside the sector lines**.
- If the discus hits the cage and still lands inside the sector, it is a **fair throw**.
- The athlete must not leave the circle until the discus lands, then must leave **from the back half** of the circle, under control.

PROCEDURE

1. Announce the age group and event as athletes arrive, eg "Boys 16 Years Discus".
2. Record each athlete's name and give them a number in the order they arrive. This is their throwing order and marker number.
3. Tell athletes they have **3 throws**.
4. Call each athlete and the next one up, eg "Number 1, Mark Jones. Next, Andrew Johns."
5. One official watches the athlete for fouls. The marking official places the athlete's marker where the discus first lands, at the edge closest to the circle.
6. Throws 2 and 3: only move the marker if the throw is further than the athlete's best. If unsure, mark both and note it on the sheet.
7. Measure each athlete's best mark. Hold the zero end of the tape on the mark and pull it through the centre of the circle. Read the distance at the inside edge of the circle.
8. When the event is finished, mark **1st, 2nd and 3rd** on the recording sheet. Send it straight to the recording room with an athlete.

FOULS

A throw is a foul if the athlete:

- Touches the top of the rim or the ground outside the circle during the throw.
- Leaves the circle before the discus lands.
- Leaves from the front half of the circle, or leaves out of control.
- Throws the discus so it lands on or outside the sector lines.
