ATHLETICS CARNIVAL | FIELD EVENT INSTRUCTIONS

JAVELIN

Central Coast Adventist School

BEFORE YOU START

- All athletes stay **behind the safety area** until called.
- No one collects the javelin until the official says so.
- The person returning the javelin must watch every throw.
- Check the **correct javelin weight** for each age group (see table).
- Javelins are **carried upright** and walked back. Never thrown back.

RULES

- 3 throws each.
- Hold the javelin **by the grip** and throw it **over the shoulder**. No slinging or spinning.
- The **metal tip must hit the ground first**. It does not need to stick in.
- The javelin must land **inside the sector lines**.
- The athlete must not leave the runway until the javelin lands, then must leave **from behind the arc**.

PROCEDURE

1. Announce the age group and event as athletes arrive, eg "Boys 16 Years Javelin".
2. Record each athlete's name and give them a number in the order they arrive. This is their throwing order and marker number.
3. Tell athletes they have **3 throws**.
4. Call each athlete and the next one up, eg "Number 1, Mark Jones. Next, Andrew Johns."
5. One official watches the athlete for fouls. The marking official places the athlete's marker where the tip first hits the ground.
6. Throws 2 and 3: only move the marker if the throw is further than the athlete's best. If unsure, mark both and note it on the sheet.
7. Measure each athlete's best mark. Hold the zero end of the tape on the mark and pull it through the centre point of the arc. Read the distance at the inside edge of the arc.
8. When the event is finished, mark **1st, 2nd and 3rd** on the recording sheet. Send it straight to the recording room with an athlete.

FOULS

A throw is a foul if the athlete:

- Touches the arc, the lines beside the runway, or the ground past them.
- Throws so the tip does not land first.
- Throws so the javelin lands on or outside the sector lines.
- Leaves the runway before the javelin lands, or leaves in front of the arc.
